

## Financial Aid

Financial Aid is available through the Archdiocese of Detroit and the generosity of St. Linus Church groups such as Knights of Columbus and Catholic MOMs.

More information on Financial Aid and Catholic Schools can be found at [www.aod.org](http://www.aod.org)

## Testimonials

“We are a family; our community is a very close one. Teachers can give individualized attention due to class sizes.” - **Current teacher**

“Our experience has been positive and enjoyable! We’ve created friendships and like the warm community along with the friendly and trustworthy faculty!” - **Current parent**

“As I leave this place, I will take life lessons with me. I’ve learned about the importance of serving others, being compassionate, and putting my faith at the center of my life.”

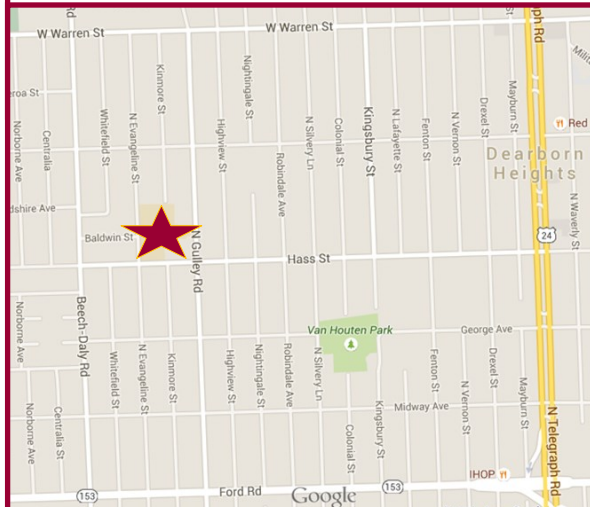

- **Recent Alumni**

## Academics

St. Linus Catholic School boasts a rigorous curriculum taught by a staff of highly qualified individuals with an average of over 8 years instructing at St. Linus Catholic School.

On standardized tests, our students out-perform the local school districts (IOWA/MEAP test score comparison), many grades scoring 100% proficiency by 8th grade, illustrating the success of our enriched Common Core Standards based curriculum. We'll be glad to show you the specific scores!

St. Linus Catholic School is Michigan Association of Non-public Schools accredited and teachers are certified by the Michigan Department of Education.

## Spiritual Development

At St. Linus Catholic School, all that we are stems from the love of Jesus and actively practicing the Catholic faith. The St. Linus Catholic Community provides transformative opportunities for students and families to fully immerse themselves in our vibrant community on their personal journey of faith. Daily interactive religion classes, taught by certified catechists, allow students to deepen their understanding of the Catholic faith. Instruction in the sacraments is a joint effort of the classroom teacher and the parish Director of Religious Education, offering students and families the opportunity to interact with parish life in a unique way.

Extracurricular faith-based activities include the Jesus Adoration Club, Altar Serving, and multiple plays and activities throughout the liturgical year.

## Social Development

The elementary and middle school years are the years to work with students and their value systems. St. Linus Catholic school, through individualized attention and group instruction, offers assistance during these very important developmental years. We help students develop strong moral and spiritual beliefs; supporting them as they grown into young men and women who believe in making a positive difference in this world.

Our virtues-based discipline program/ anti-bullying rubric encourages students to think deeply about why they make the decisions they do, and helps them develop an appropriate sense of responsibility for actions and words.
